PROFESSIONAL SUMMARY

Aspiring Software Developer with hands-on experience in Full Stack Web Development and AI-based software projects through internships and academic projects. Proficient in Python, HTML, CSS, JavaScript, Node.js, Git, and GitHub, with a strong foundation in software development, problem-solving, and web technologies. Passionate about building scalable applications, learning emerging technologies, and contributing effectively in collaborative development environments.

SKILLS

Technical Skills

Programming Languages: Python, JavaScript, HTML5, CSS3, SQL Frameworks

& Libraries: Flask, Node.js, Pandas, Matplotlib

Database: MySQL

Developer Tools: Git, GitHub, Visual Studio Code, Jupyter Notebook

Core Concepts: Data Structures, Object-Oriented Programming (OOP), Database

Management Systems (DBMS), Operating Systems, Software Development Life Cycle (SDLC), Web Development

Soft Skills: Problem Solving, Team Collaboration, Communication, Time Management, Adaptability

PROFESSIONAL EXPERIENCE

Full Stack Web Development Intern

Maincrafts | June 2026 – July 2026

Developed responsive web applications using HTML, CSS, JavaScript, and Node.js.

Assisted in implementing front-end and back-end features based on project requirements.
Performed testing, debugging, and code optimization to improve application performance.
Collaborated with mentors and team members to deliver assigned development tasks.
Applied Git and GitHub for version control and project management.

AI & Software Development Intern (Current) Smart Bridge

| July 2026 – Present

Contributing to AI and software development projects using Python and related technologies.
Developing and testing application features while following software development best process.

Applying problem-solving, debugging, and version control skills in real world development tasks.

-----EDUCATION-----

Bachelor of Technology (B. Tech) – Computer Science and Engineering K.L.M. College of Engineering for Women, Y.S.R. Kadapa, Andhra Pradesh Expected Graduation: 2027

CGPA:

9.1/10

Relevant Coursework: Data Structures, Database Management Systems (DBMS), Operating Systems, Software Engineering, Web Development, Object-Oriented Programming.

-----PROJECTS-----

Flask Web Application

Technologies: Python, Flask, HTML, CSS

Developed a web application using Flask with a responsive user interface.

Implemented backend logic, user input validation, and dynamic content rendering. Tested and debugged the application to ensure reliable performance.

-----LANGUAGES-----

English – Professional Working Proficiency

Telugu – Native Proficiency

Hindi-intermediate
